

Harness Racing Training Centre Online Fee For Service

Course Description

The Bendigo Harness Racing Training Centre, utilising the Ezylearn Learning Management System, provides online training to the Harness Racing Industry throughout Australia.

The online course is a first class training option at a reasonable price.

The interactive online course has been designed to allow access to industry training from any Internet linked computer. To access the site go to <http://hrtc.ezylearn.net>

Students can access their personal login and course from home, office, the local school or library.

The Online courses comprise the knowledge components of the competency units only.

Achievement of Competence in these units is assessed by linking the knowledge components to practical assessments where required.
